◆ PROCESS

How a job runs.

Call or text (941) 207-6969. Photos of the problem can be texted to the same number.

A written proposal follows — scope, line items, and total. Free quotes, typically within 24 hours.

Work proceeds under the signed proposal. Changes require a written change order. The job is photographed.

◆ YOUR TEAM

A team is assigned to your job and your area. HANDYS.NOW maintains a roster of independent handyman professionals across Sarasota and Manatee counties and assigns the team that fits the work and the location. Teams change from job to job. Whoever is assigned is named on your written proposal and signs it — that is the professional you contract with.

- ✓ Vetted for skill, reliability and customer service
- ✓ Insured — certificate with every proposal
- ✓ Background-checked
- ✓ Named in writing on the proposal they sign

◆ INSURANCE

Each pro works under their own active **Commercial General Liability** policy. A current Certificate of Liability Insurance accompanies every written proposal. The certificate lists the carrier and agent; coverage can be confirmed with them directly.

How HANDYS is set up.

HANDYS.NOW (Handys Handyman Services · LARGE LLC) is a referral service. It connects clients with independent handyman professionals; all work is performed by these independent pros. HANDYS.NOW does not perform handyman services itself. The service agreement for each job is exclusively between the client and the pro. HANDYS refers, schedules, handles paperwork, and may collect payment on the pro's behalf; it is not a party to the job agreement.
